To Stuart E. Schiffer

From Rudolph W. Giuliani  
Associate Attorney General

By memorandum dated June 23, 1981, you asked me to review this office's files to locate records from the period 1968 through 1975 responsive to the plaintiff's original and supplemental interrogatories and requests for production of documents. Please be advised that the Office of the Associate Attorney General was not established until 1977. Accordingly, no records of this Office exist for the period 1968 through 1975.

Mr. Rudolph W. Giuliani  
Associate Attorney General

Stuart E. Schiffer  
Acting Assistant Attorney General  
Civil Division

On January 2, 1980, the Civil Division requested that you review your records to provide responses to discovery in the above-entitled action.

Since our initial request, the Court on April 22, 1981, expanded the scope of discovery by overruling our objection to providing discovery prior to 1975. The cut-off date was rolled back to 1968, on the premise that after plaintiff had filed its first lawsuit in 1977, defendants might have ceased creating and transmitting documents evidencing objectionable activities directed toward plaintiff and that, on the other hand, records of government harassment, conspiracy, etc. might exist in records from the period 1968-1975.

The Court has thus allowed plaintiff to propound supplemental interrogatories and requests for production of documents which seek information reflected in records post-dating January 1, 1968 (attached hereto). Further, we must update our previous answers and document production to cover the period 1968-1975. Accordingly, we again request that you designate someone within your office to coordinate the new discovery responses.

In reviewing the supplemental interrogatories we have determined that a number of general objections are appropriate:

1. We will not provide answers regarding "affiliated religious organizations" or plaintiff's "members, officers or attorneys." Accordingly, your answers should pertain to plaintiff Founding Church of Scientology and the class certified as all "Churches and Missions of Scientology in the United States." This objection also applies to the request for production of documents.

2. We object to Interrogatories 11, 12, 13, 17, 18, 19, 24, and 25 on the grounds that they are too vague and general to

-2-

require responses pre-1968. The recent Order provided that plaintiff might seek information pre-1968 as to "specific" instances or allegations. We contend plaintiff has failed to draft these Interrogatories with the required specificity.

3. We object to Interrogatory 4 to the extent it seeks information subject to attorney-client privilege.

Responses on behalf of the Department of Justice must be filed by July 17, 1981. Accordingly, we request that your designee contact Anne M. Gulyassy (633-4263) or Lawrence A.C. Moloney (633-3381) immediately to discuss preparation of your answers. We further request that you produce all relevant documents and prepare draft answers to interrogatories by July 10, 1981. Please note whatever objections you believe apply to the discovery and the bases therefor.

Thank you for your cooperation.
